

# ORBIT ENGINEERING SOLUTIONS

"WHERE COMMITMENT IS PROMINENT"

## Pollution Control System

(Fume extraction, Dust extraction,  
Paint booth fumes)

## Industrial Process fans & Blowers

8708468227  
9896579209

## Trusted Partner In Industrial Air Solutions And Pollution Control

At Orbit Engineering Solutions, we are founding a new era in engineering excellence in design & manufacturing of industrial process fans, pollution control systems, ID (Induced Draft) and FD (Forced Draft) fans, cyclones, and dust collectors. Our mission is to enhance industrial productivity while protecting the environment.

### Our Vision

To be the trusted partner for industries seeking efficient, sustainable and innovative air management and pollution control solutions.

### Our Values

- Customer-centric approach
- Quality and reliability
- Environmental stewardship
- Continuous innovation
- Collaborative excellence

### Product Range:

- Air Pollution control unit (Fume extraction, Dust extraction, Paint booth fumes).
- Industrial fans & Blowers (ID,FD,SA,PA).
- Axial flow fans.
- Rotary Airlock valve (RAV-MS, CI& SS)
- Cyclone & Bag filter unit.
- Pneumatic conveying system.
- Spare impellers & Shaft.
- HVAC (Air handling units for industrial ventilation)
- Dynamic balancing & Allied services (on/off site).

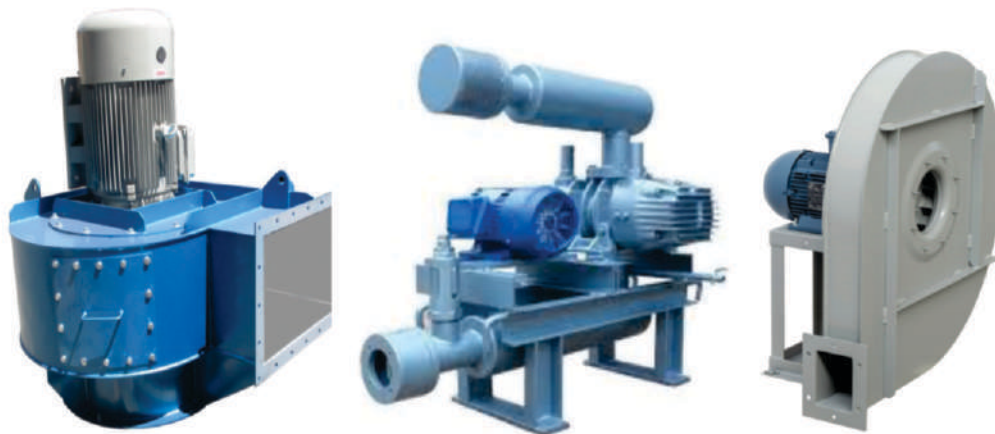

# PRODUCT RANGE

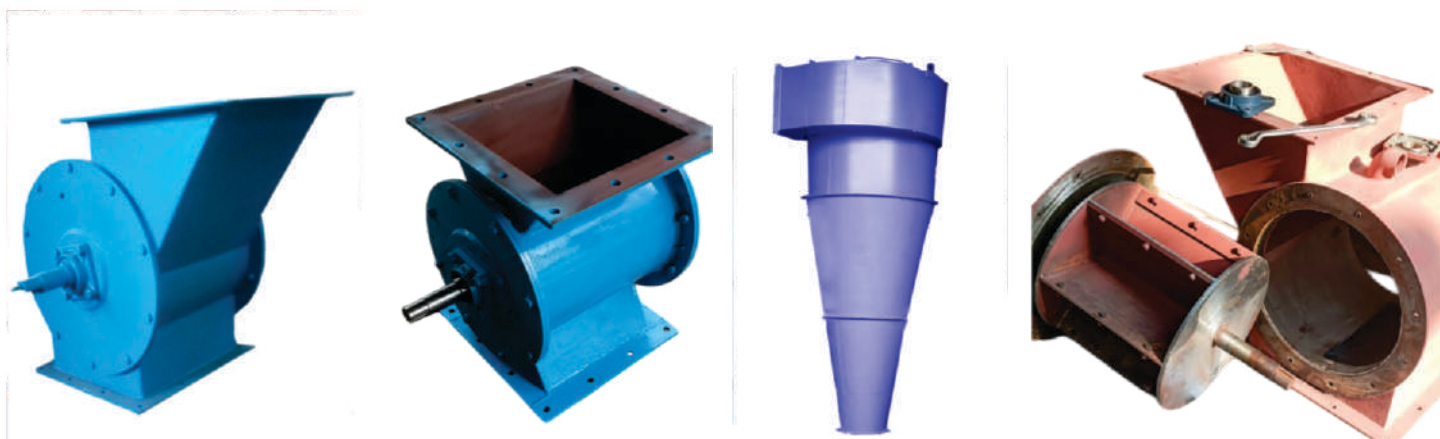

## AGRI FANS, ROOTS BLOWERS & HIGH PRESSURE FANS

## COMPLETE FAN (BOILER ID, FD, SA, PA ) & SPARES

## AIR LOCK VALVES & CYCLONES

# PRODUCT RANGE

## Pollution Control Equipments

**Bag Filter**

**Cyclone**

**Wet Scrubber**

**Customised Rotating Capture Hoods**

### Industries Being Served

- Power Plants
- Ply board factories ( Balancing service & fabrication of impellers & shafts)
- Food Industries
- Boilers (ID, FD, RE, PA, Scanner & Seal Air Fans)
- Cement Plants (light duty fans & Rotary Air lock valves)
- Iron & Steel Plants
- Paper & Pulp Mills (Boiler fans & Rotary Air lock valves)
- Textile Industries
- Pharmaceuticals
- Ceramics Industries
- Sugar Plants, Food Industries (Boiler fans & Rotary Air lock valves)
- Chemicals & Fertilizers
